

## TEACHER CONSERVATION WORKSHOP

PROBLEM-BASED LEARNING IN LOCAL WATERSHEDS

# *Do Fish Need Trees?*

explore the question

**MAY 1, 2021**

**9:30am - 2:30pm**

**\$20 registration fee**

This hands-on, interactive workshop focuses on topics related to stream bank restoration and conservation of local watersheds. Explore real world connections to STEM academics for grades 6 - 12 through the lens of pollinator habitat restoration, wildlife conservation, and water and soil health. Takeaways include resources and strategies for conducting a watershed PBL unit and a Community Science Action Kit valued at \$200!

Starting location is the

**Sugar Hill Golf Club**

**6094 Suwanee Dam Rd, Sugar Hill, GA 30518**

then we'll move outdoors to Crayfish Creek

Rain or shine, dress for the outdoors (rubber boots a plus!)

**BOX LUNCH PROVIDED**
